

## **FACILITY ACCESS & DOOR ENTRY POLICY**

Hey there! We're thrilled to have you as a guest at MOTIVGolf. We've worked hard to create a fun, safe, and welcoming space for you to play. To help us keep it that way, please take a moment to review our door entry policy. By using our facility, you agree to everything outlined below. If anything doesn't feel right, please reach out before you start your session!

### **Your Unique PIN Code**

Each booking gets a unique PIN Code, and it's just for you and your guests. To keep our facility secure, everyone needs to use their own valid PIN Code to enter. Please don't share your code with others outside of your booking.

### **No "Tailgating" Allowed**

"Tailgating" means someone unauthorized follows closely behind an authorized person to gain entry without using their own PIN. This is strictly prohibited. Even if you know the person, or they appear to be legitimate (like a delivery person), please do not hold the door for them. Everyone needs to PIN themselves in.

### **Secure the Door**

Always make sure the door closes firmly behind you before you move away. This simple step helps keep everyone and everything inside safe.

### **Report Suspicious Activity**

If you notice someone trying to gain access by force or stealth, or if someone enters who doesn't seem to be part of a golfing group, please [call or text 705-647-2372](tel:705-647-2372) to report the incident immediately.

Thanks for understanding — now, let's play some golf!
